

## The Best Part about our Parts and Services Group: The Feeling of Confidence

- People:** We are **27 members** strong.
- Experience:** We have **470 years** of equipment expertise between us.
- Products:** We cover **64 products** with units still in operation from as early as 1970.
- Location:** We have **3 locations** - Ft. Lauderdale, FL; Vernon Hills, IL; and Trussville, AL - and inventory a vast number of components for fast turnaround.
- Services:** **There are numerous ways we can assist you:**
- **Identifying Correct Parts** – We review each request with access to original engineering documents for accurate parts identification.
  - **One-Stop Solution** – Providing all replacement components with customer-specific engineered drawings and OEM parts.
  - **Installation Services** – Whether it requires one technician or a team, we have dedicated professionals to help you every step of the way.
  - **Service Maintenance Programs** – Annually or semi-annually, we are committed to helping you with the operation and maintenance of your water treatment plant in a friendly, professional manner.
  - **Rebuild and Retrofit Equipment** – Performed onsite or at our factory to prolong the equipment life and provide upgrades for improved operation.
  - **Equipment Inspections** – Assessment of the equipment's overall performance and the current maintenance practices followed by recommendations to help prevent downtime.
  - **Operator Training** – Retiring workforce? We can help train new plant maintenance personnel.
